From Our Past Board Members...

Why do you support the Library and what makes you want to participate in the Foundation?

"I think most of us have a fond memory of going to the library, finding a special book cover, and diving into a new story. Libraries mean many things to many people. For me, it was a place to learn new things and get lost in far away places. I volunteer my time on the Foundation Board so others will always remember that feeling and make an impact to ensure others do to." ~ **Nicole Kozma**, Library Foundation President

The value of libraries in our community

, Past Board Member

"Libraries are critical to a strong community. Our community is lucky to have such a wonderful resource to help promote literacy and life-long learning" ~ **Dr. Danielle Tormala**

, Past Board Member

"A world without libraries would limit our overall progress as a society." ~ **Steve McKinstry**
