PROGRAMS SUPPORTED

AWE COMPUTERS

AWE (Advanced Workstations in Education) computers play a vital role in promoting lifelong learning, digital literacy, and educational enrichment for children within our library, making them a valuable asset for diverse educational needs. These resources can provide valuable learning experiences for children, teenagers, and adults alike, fostering skill development in areas such as reading, math, science, and language. The Library Foundation **updated 16 AWE computers** across the county.

Thanks to our donors and a grant from **The Employee Community Fund of Boeing STL**.

GALE EXCEL ONLINE HIGH SCHOOL PROGRAM

The Library Foundation was able to fund **20 seats for the Gale Excel Online High School program** that provides a high school diploma for adults that may not have received one in their youth. Our library is changing lives by offering this fully online, flexible, and self-paced program to make sure everyone has a fair chance to learn and helps the library work with others to support education.

BORN TO READ

The Library's Born to Read program introduces books and literacy activities to families in our county at hospitals and birthing units, the Born to Read program fosters a culture of literacy from the very beginning of a child's life. This early exposure to books and language can significantly influence a child's future literacy skills and academic success. **4000 kits purchased.**

Thank you to our donors and our sponsors **Barnes Jewish St. Peters and Progress West Hospitals and Mercy**.

VIDCODE

VidCode is a program designed to teach computer programming through video editing and media creation. Its impact on the community can be significant in several ways: enhanced digital literacy, promotion of STEM education, creativity and innovation, empowerment and confidence, diverse learning opportunities, career readiness, and community engagement.

Thank you to our donors and a grant from **Walmart Community Grants Team Facility # 8251 Sam's Club 2855 Veterans Memorial Pkwy St Charles MO 63303**.

They include: Fox Hill Park, The Park at New Melle Lakes, the St. Charles Community College, Quail Ridge Park, Veterans Tribute Park, and Weldon Spring City Park

Thank you to our sponsor **MercyGo Health** for funding the purchase of all of the stories for our Walks this year. And to the **Walmart Community Grants Teams** (Walmart Neighborhood Market Facility #5421 (45 Sutters Mill Rd, St Peters, MO 63376) and \$1000 from **Walmart Supercenter Facility # 648** (1661 Jungermann Rd, St Peters, MO 63304)) who helped make the replacement possible.
