Dear Friends of Literacy,

It is with great excitement that I share with you a proposal for support of the St. Charles City-County Library's new Library on Wheels. The St. Charles City-County Library Foundation is raising just over \$300,000 for a new mobile Library. The Library Foundation provides the Library the support it needs for programs and services not covered by tax dollars. It's how we make a really good library a great library.

The contemporary bookmobile is more than a van with books. It's truly a Library on Wheels and will...

- Extend Library services to those in our county who have limited access to full-service branches
- Include a wheelchair lift and double access doors
- Contain shelving for a wide variety of materials and some inside seating
- Provide technology for customer and staff use including wifi, printing, and copying
- Incorporate an outdoor video screen with an awning and seating for classes and events

Corporate and community support is essential for the Library Foundation to reach our fundraising goals. This mobile Library will allow literacy to be taken directly out into the community, reaching families and individuals who need assistance the most. The new Library on Wheels is expected to be rolling out into the community fall of 2021. We have already raised more than \$85,000 toward our goal but we can't stop now.

We know you have a desire to give back to the community. Last year alone, with the help of our donors, the Library Foundation provided pieces for the interactive early literacy spaces at the Middendorf-Kredell and Kisker Road Branches encouraging children to learn critical cognitive, emotional, social and physical skills, added to the Library's circulating 'Library of Things', provided support for the Library to You program, helped to provide Ready to Read kits for new moms and families in our community, and provided thousands of new books to young students working hard to develop literacy skills. It is essential we continue this work for our children, families and for a stronger community. **We need your help!**

We sincerely appreciate your consideration and support of the Library Foundation and look forward to having you join us as a sponsor. Attached, please find detailed information outlining the sponsorship opportunities available.

Should you have questions, or to customize a sponsorship level that best meets the needs of your organization, please contact Jennifer Compton by calling 636.441.2300 x1517 or email at jcompton@stchlibrary.org

Your support will have a lasting impact on St. Charles County. Thank you for being a literacy leader.

Sincerely,

Jennifer Compton
